Press Release 7/6/15

Lone Star Blower, Inc announces Combs and Associates as it's exclusive representative in the municipal water and wastewater markets in Virginia and North and South Carolina markets.

Tony Combs – President of Combs and Associates “ We see a great opportunity to bring this efficient and reliable blower technology to our markets and we are also glad to work with an experienced group that knows our markets and never forgets their commitment to service. “

“ We recognize Combs and Associates as a leader in their respective markets for past 35 years, and we are honored to be working with them again. We are excited for the new opportunities to bring our geared and gearless turbo blowers to market ” James Cook – VP Sales at Lone Star Blower.

Lone Star is a Manufacturer, Master Distributor, Packager, and Service company for blower and blower control systems located in the Houston Texas USA. Products will include single stage turbo blowers (both gear driven and gearless), vertically split multistage turbo, and related blower control systems. Lone Star also services many other brand blowers.

Industries served include Water and Wastewater, Power, Petro-Chemical, Oil and Gas Mining, and many others using compressed air or gas, pressure or vacuum applications.

Lone Star is now looking for agents and distributors starting in the North and South American markets.
