Press Release 8/5/16

Lone Star Blower, Inc announces MISCOwater as its exclusive representative in the municipal water and wastewater markets in California, Arizona, Nevada, and New Mexico markets.

“We are pleased and very fortunate to partner with MISCOwater. With 35 years of experience in their respective markets and a fantastic reputation we could not have found a better group to work with. Our common interest in high customer service combined with our passion for bringing proven efficient technologies to the market makes for a great match “Andrew Balberg – President at Lone Star Blower.

Chris McCampbell – President of MISCOwater “ Lone Star offers a complete product portfolio blower technologies not offered anywhere else which allows us to always apply the right technology for the right application and environment. Combine this with Lone Star’s vast experience in the blower industry and also the municipal market itself, we expect great things. “

Lone Star is a Manufacturer, Master Distributor, Packager, and Service company for blower and blower control systems located in the Houston Texas USA. Products include single stage turbo blowers (both gear driven with variable inlet and discharge guide vane and gearless driven with a permanent magnet motor), vertically split multistage turbo, and related blower control systems. Lone Star also services many other brand blowers.

Industries served include Water and Wastewater, Power, Petro-Chemical, Oil and Gas Mining, and many others using compressed air or gas, pressure or vacuum applications.

Lone Star is now looking for additional agents and distributors starting in the North and South American markets.
