TO THOSE AFFECTED BY HARVEY

Lone Star Blower was fortunate not to get flooded out and we are fully operational with all employees safe and sound.

We are here to help assist with quick rental blowers, quick rebuilds or repairs of blowers for any one in need. While we are a for hire business, we know our service to our community is important and getting the infrastructure in water and wastewater plants is paramount to our recovery.

Please keep us in mind if you or anyone else is in need of immediate assistance.
