Press Release 12/3/15

Lone Star Blower, Inc announces JC Cross as it's exclusive sales representative in the industrial markets in Iowa, Nebraska, Northern Illinois and Wisconsin regions. In addition, JC Cross will be a regional service center to support Lone Star products.

John Cross – President of JC Cross “We see a great opportunity to bring industry leading centrifugal blower technologies to complement our current product offering. We now offer all possible blower and exhauster technologies to our customers in air, gas, pressure and vacuum. Partnering with Lone Star offers our customer an experienced group that knows our markets and never forgets their commitment to service. “

“We recognize JC Cross as a leader in their respective markets for past 30 years, and we are honored to be working with them. By adding our product range to theirs there is no application to big or too small that we cannot handle. The added benefit of having an established regional service center will also promote our service first philosophy to our customers” Andrew Balberg – President Lone Star Blower

Lone Star is a Manufacturer, Master Distributor, Packager, and Service company for blower and blower control systems located in the Houston Texas USA. Products will include single stage turbo blowers (both gear driven and gearless), vertically split multistage turbo, and related blower control systems.

Industries served include Water and Wastewater, Power, Petro-Chemical, Oil and Gas Mining, and many others using compressed air or gas, pressure or vacuum applications.
